Defense Intelligence Agency

SUBJECT: DoD Release of NIS

An Agency component is reviewing its procedures on the release of NIS to foreign governments and would like some information on DoD policy. Would you please determine from the appropriate DIA element answers to the following:

a. Do the military attaches receive the list of "NIS units Authorized for Release to the International Staffs of SACEUR and SACLANT"? If not, how are they made aware of releasable NIS?

b. Do the attaches in fact release NIS to the governments to which they are accredited? Are these releases reported to DoD?

c. What instruction do the military attaches receive from DoD regarding release of NIS?

d. Are the attaches advising their CIA counterparts of NIS released to foreign governments?

e. Do national representatives at SACEUR request NIS as a result of their access to NIS? What procedure for release is followed in such cases?
